Pachmayr's New GuardianGrip™

Pachmayr— a leader in Handgun grips, recoil reduction, and gunsmithing — introduces their new GuardianGrip™, a revolutionary and innovative design made for popular concealed carry revolvers. What makes the GuardianGrip so unique is its patented finger extension. With the simple press of a button, the spring-loaded finger extension drops down out of the grip, converting a two-finger compact grip into a controllable three-finger grip. This is the first grip which offers the concealment of a compact grip with the shooting control of a full-size grip. The grip is constructed of high strength polymer material that is impervious to moisture, weather or chemicals. In addition, the GuardianGrip is contoured for the easy use of speed loaders and is designed with an open backstrap for greater concealability, along with textured panels for positive control.

Pachmayr's new GuardianGrip, as well as all Lyman products and brands, are available nationally through firearms and sporting goods dealers and mail order companies. Pachmayr, TacStar, Adtac, Trius Traps, A-Zoom Precision Snap Caps, Butch's Gun Care and Targdots are also Lyman brands.
