### SKB iSeries Cases at 49 Sizes and Counting

**Orange, CA** — SKB today announced the release of the **3i-6018-8 iSeries Waterproof Utility Case**, its 49th and longest available iSeries case size. The **3i-6018-8** joins an ever-growing lineup of versatile, military-spec cases that provide premium strength and quality, lightweight construction at an affordable price point and is the longest on

the market today. With 49 case sizes available (and more on the way), SKB continues to be one of the only global case manufacturers to offer such a comprehensive selection of standalone injection molded case sizes.

Measuring 60" x 18" x 8" internally, the **3i-6018-8 iSeries Waterproof Utility Case** features 6 easy-to-operate "trigger release" latches, 6 reinforced padlock loops (for customer-supplied padlocks), and a tow handle and quiet-glide wheels for maximum comfort and convenience in transport. The **3i-6018-8** is available now with an empty or layered foam configuration. The **3i-6018-8** layered foam version is capable of protecting an assembled .50 caliber rifles and equipment

Like all SKB iSeries Injection Molded Mil-Standard Waterproof Cases, the **3i-6018-8 iSeries Waterproof Utility Case** is molded of ultra high-strength polypropylene copolymer resin, and features a gasket-sealed, water- and dust-tight, submersible design (MIL-C-4150J) that is resistant to corrosion and impact damage (MIL-STD-810G). Other standard features include a molded-in hinge, patented “trigger release” TSA-retrofittable latches, snap-down rubber over-molded cushion grip handles, automatic ambient pressure equalization valve (MIL-STD-648C), and resistance to UV, solvents, corrosion, and fungus.

The **3i-6018-8 iSeries Waterproof Utility Case** is proudly made in the USA and comes with an unparalleled, unconditional Lifetime Warranty.
