

## SILVER STATE APPAREL

*Elegantly Concealed™*

*Carry in Comfort and Style*

### Silver State Apparel Debuts New Products for 2018

**Reno NV-November 3, 2017-** Silver State Apparel LLC, a designer of women's concealed carry clothing, will debut new products at the 2018 Shot Show in Las Vegas in their Elegantly Concealed™ clothing line and their Active Wear line.

A new style called the **Yerington**, adds another beautiful shirt to the existing Elegantly Concealed™ clothing line. The **Yerington** is made of chambray fabric and the concealed pockets are disguised with shirred inset. The shirred inset is repeated at the back waist to add a bit of fit and flare to the shirt. Long sleeves and a banded neck bring back the tradition of a chambray work shirt of yesteryear.

The **Incline** is a new vest for women made of lightweight, fleece lined soft shell fabric. Deep double front pockets have multiple Velcro closures to keep any item secured and accessible. The **Incline II** jacket is like the Incline Vest made of the lightweight fleece lined soft shell fabric that will keep you warm and dry. Deep double front pockets deliver the security of knowing that what you need is within easy reach.

Next year the Active Wear line is expanding, which was launched in 2016, by adding two new variations. The Active wear started with the popular **Reno**, an active wear sports tee made of moisture wicking fabric, with two deep front pockets to carry a small handgun or other personal protection items. The **Reno Long Sleeve** and **Reno Color Block** will be added in 2018.
