American Built Arms Company Reduces the Price of the A*B Arms *Power to the People Program!*

Price reduced to \$799.99 for this extremely popular program

Glen Rock, PA – American Built Arms Company (www.abarms.com) is pleased to announce the reduced price of the A*B Arms Power to the People Program from \$999.99 to \$799.99! The Power to the People Program is being offered exclusively by American Built Arms Company on their web site at www.abarms.com.

★ POWER TO THE PEOPLE PROGRAM ★

BUILD YOUR OWN DREAM RIFLE

Purchase both the MOD*X GEN III Remington 700 chassis and the Remington M700 SPS Tactical AAC-SD for only **\$799.99**

The Power to the People Program allows a customer to build their own “Dream” rifle by purchasing the A*B Arms MOD*X GEN III Modular Rifle System chassis and the Remington Model 700 SPS Tactical AAC-SD barreled action in .308 caliber together for the very affordable price of \$799.99!

A*B Arms Founder and President Jason Combs says, “Due to the popularity of this program, we are really excited about offering the Power to the People Program to all Americans. We want the working man and woman to have the opportunity to own the best made chassis rifle system in the world! PERIOD!”

“Many firearms enthusiasts have approached us about building their own rifles, they just needed an easy and affordable place to start. We will offer them the two main components of the rifle; the chassis and the barreled action, and give them the freedom to add accessories to meet their own rifle requirements,” added Combs.

Firearms enthusiasts interested in building their own “Dream” rifle should go to the www.abarms.com web site and order the “Power to the People Program – Build Your Dream Rifle”. A*B Arms will then contact the customer to obtain FFL Dealer information for shipping purposes.

Stop by booth #7006 at SHOT Show the week of January 21st at the Sands Expo Center in Las Vegas to learn more about A*B Arms “Made in the USA” brand products.
