- Small-to-mid size and cloud-based ERP / POS
- Manufacturing, distribution and retail operations
- Regulated data management and migration

EPICOR

ORACLE

Microsoft Dynamics

SAP

Manhattan Associates

Reduce your FFL operating costs.

"As a CFO, I am always focused on cost containment, but as the CFO of a firearm company, rigorous risk management and compliance must be the emphasis at any cost. Fortunately, Orchid provides excellent service at a reasonable cost and has played a key role in operationalizing our compliance throughout every business process and ERP transaction."

Jeff Buchanan, EVP and CFO, Smith & Wesson Holding Corporation

We've touched over 65 million compliance firearm transactions

80% of US Firearms Manufactured

60% of NSSF and NASGW Board Members

65% of Suppressors Manufactured

Single FFL, Independent Retailers and Big Box

60% of Leading Wholesalers
